WEIWEI LIN

FRONT-END DEVELOPER

614-772-2442 | linweiwei2222@gmail.com | weiwei2222.github.io/weiwei

PROFESSIONAL SUMMARY

Front-end developer returning to front-end engineering with 3+ years of early-career experience across front-end development and web design, plus recent React training through PerScholas Women of Color in Software Engineering (valedictorian, January 2024). Builds responsive, user-friendly interfaces with HTML5, CSS3, JavaScript, React, Redux, and Node.js. Quick to learn and apply new technologies and experienced collaborating with teams.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript (ES6+)
Frameworks & Libraries: React, Redux, React Router, Material UI, Node.js, Express
Data & APIs: RESTful APIs, MongoDB, SQL
Tools & Practices: Git/GitHub, Responsive Design, Cross-Browser Compatibility
Currently learning: TypeScript

PROJECTS

Cat Lover Social Media
- Designed a responsive user interface with Material UI; built the React front end using Redux for state management.
- Developed the backend with Node.js, Express, and MongoDB; created and consumed a RESTful API with CRUD functionality.
- Implemented authorization using Bcryptjs.

Chinese Art Gallery
- Built the interface in React and created page routes with React Router.
- Integrated third-party open APIs and built search and filtering functions.

Memory Card Game
- Styled the game with HTML5 and CSS3.
- Programmed game logic in JavaScript using DOM manipulation, callbacks, and AJAX.

PROFESSIONAL EXPERIENCE

Accenture — Packaged App Development Associate **Sep 2024 – Present**
Columbus, Ohio
- Monitor scheduled jobs, verify successful completion, and take corrective action to resolve failures.
- Diagnose scheduled-job and database-performance incidents; generate and maintain daily results and performance reports with SQL queries.

Accenture — Technology Consulting Analyst **Jun 2024 – Aug 2024**
Columbus, Ohio
- Reviewed the client's Self-Service Portal to identify and summarize user-experience and process issues.
- Recommended improvements; documented and monitored issues with Word, Excel, and PowerPoint for other teams.

Guangdong 115 Technology Co Ltd — UI Designer **Sep 2016 – Nov 2017**
Dongguan, China
- Designed color schemes, themes, styles, and page layouts for 115 applications.
- Revitalized icons and UI components to improve consistency and user engagement across platforms.

Dongguan Monda Plastics Technology Co Ltd — Web Designer **May 2015 – Sep 2016**
Dongguan, China
- Designed and launched corporate websites aligned with the company's visual identity.
- Developed intuitive templates and optimized site navigation to improve user experience.

Dongguan Daidaihao Co Ltd — Web Designer **Dec 2014 – Apr 2015**
Dongguan, China
- Designed and developed the company website with responsive functionality and modern visual styling.
- Updated and improved front-end pages to enhance usability and visual consistency.

Dongguan Post Office E-Commerce Branch — Front-end Developer **Jun 2011 – Apr 2014**
Dongguan, China
- Built responsive static web pages from design mockups using HTML5, CSS3, and JavaScript, ensuring pixel-perfect implementation.
- Resolved cross-browser compatibility issues to deliver a seamless user experience.
- Maintained, updated, and optimized front-end interfaces to improve usability.

EDUCATION

PerScholas — Women of Color in Software Engineering **Sep 2023 – Jan 2024**
Columbus, Ohio
- Graduated valedictorian from the software engineering bootcamp; created and deployed three projects using HTML5, CSS3, JavaScript, React, Express, Node.js, and MongoDB.
